Microsoft excel and PowerPoint training was fabulous. It was an enriching and empowering experience. It was a fun mixed learning, trainer is quite experienced and style of teaching was personalised (even though it was on Cisco Webex). Me and my colleagues enjoyed it thoroughly and made best use of lockdown period. I recommend everyone to take this training to feel the difference yourself!!

May 8, 2020, Ritu was senior to Vanita but didn't manage directly Recently I had this opportunity to learn MS skills from Ritu. It was a great learning experience cause she makes things simplified to everyone's understanding and attends to all your queries with patience. I had initially registered for advanced Excel session which I couldn't catch up to, it was her concern and guidance post which I enrolled for the basic Excel class that eventually gave me a better understanding of Excel. She is a meticulous trainer with in depth knowledge of her subject and an empathetic soul. I recommend Ritu Arora to everyone who wants to learn Excel or PowerPoint. Lastly would like to wish her success in all her future endeavours.
